The Grant: Latino Anti-Racism Strategy

The Location: National

The Sponsor: Crossroads Ministry

The Need:

The results of hatred and racism in our society continue to be evidenced daily in acts of oppression or violence. Yet, there are very few efforts, even among faith groups, to analyze racism as a systemic problem in our society and to challenge organizations and groups to active combat racism. In recent years, the growing Hispanic population has caused a need for anti-racism activities that are sensitive to the Spanish language and the Latino culture.

Addressing the Need:

Crossroads Ministry will develop and implement a Latino program strategy that will make the concepts, process and resources of the Crossroads anti-racism team development model directly accessible to members of the Latino community. This strategy will also help counteract the socialization and internalization of racism among members of the Latino community.

Wheat Ridge Financial Assistance to this Ministry: \$25,000

How you can help:

- Prayer support for the leaders and recipients of this project.
- An undesignated gift to Wheat Ridge Ministries to support its efforts to seed health and hope, in the name of the healing Christ.
- A gift to Wheat Ridge Ministries designated for the support of the Latino Anti-Racism Strategy.
